

MAKE TURKEY DISTRICT ONLY

Powers' Suggestions Would Leave But Little at Constantinople

AMBASSADORS DISCUSS MATTERS

Paris Learns Adrianople Will Go to the Allies—Rumors Are Afloat

CONSTANTINOPLE, Jan. 22.—The terms suggested by the powers leave Turkey in Europe only a district surrounding Constantinople, the peninsula of Gallipoli, a narrow strip of the Sea of Marmora and the Dardanelles. The Aegean islands, except those near the straits, go to the allies.

The Turkish general council almost unanimously agreed to accept the powers' recommendations for peace in the Balkans.

The port is expected to ratify the council's action. This decision means that Turkey cedes Adrianople to the allies and at least a portion of the Aegean islands.

LONDON, Jan. 22.—The European ambassadors have resumed their conversations on the Balkan situation. A Constantinople dispatch says the Grand Council is in meeting, and a reply to the note of the powers is expected here tonight.

PARIS HEARS ADRIANOPLE IS TO GO TO THE BALKAN ALLIES

PARIS, Jan. 22.—Constantinople was excited today over the reports that the port has decided to cede Adrianople to the Balkan allies, according to dispatches received here. It is said the national assembly urged the step, the ministry acquiescing. No verification of the report has been received.

Vienna Also Heard Rumor

VIENNA, Jan. 22.—An unconfirmed dispatch from a news agency at Constantinople to the Neue Freie Presse says the national assembly has voted to accept the peace terms proposed by the powers in a joint note to the port.

Turkish Loss in Sea Fight

CONSTANTINOPLE, Jan. 22.—Forty Turks were killed and 170 wounded in Saturday's naval engagement with the Greeks, according to a semi-official announcement. Three Turkish battleships were badly damaged.

MEXICAN AFFAIRS ARE INTOLERABLE

Senator Smith Says Report to Be Made Later; Madero Has Lost All Control

WASHINGTON, Jan. 22.—Following his return here, today Senator William Alden Smith of Michigan, chairman of the senate sub-committee investigating the Mexican situation, states that the committee's report will not be submitted for some time. He refused to discuss the committee's findings.

The senate committee on foreign relations has received private advice to the effect that the Mexican situation is far beyond President Madero's control and that the same condition prevails as resulted in the overthrow of former President Diaz.

ADVERTISING BY "MOVIES"

Great Orange Belt on Santa Fe "Kite" Trip Track to Be Exploited by Films in East

REDLANDS, Jan. 22.—Moving pictures of the great orange belt, taken from the rear end of the Santa Fe kite-shaped track excursion train yesterday by a film company of Los Angeles, will be used in advertising Southern California in the East. While the operator in the rear end of the train took pictures, another operator in an automobile, trailing the train took pictures of views along the road.

CLANCY'S BONDS REJECTED

Leaped 500 Feet From Point Loma To His Death

SAN DIEGO, Jan. 22.—The dead body of Frederick Zimmer, a private in the one hundred and fifteenth company of Coast Artillery, was found today on a ledge below Point Loma. He had evidently leaped five hundred feet. In the pocket of his coat, found on the point, was a note asking that his body be sent to his father, John Fickler of Emeryville, Cal.

Bulletins of News

Hot from the wire up to 3:30 p. m.

THE WEATHER

Showers tonight and Thursday; light north winds.

Steam Railroads' Earnings for Nov., 1912

WASHINGTON, Jan. 22.—Steam railroads in the United States in November, 1912, earned \$269,417,295.45 and spent for maintenance and general expenses \$179,009,104.30, leaving a net operating revenue of \$90,408,191.15. The net operating revenue for the same month of the previous year was \$78,656,162.07.

Service School to Be Established at Fort Sill

FORT SILL, Jan. 22.—The war department soon will establish a service school for small arms fire at the old abandoned infantry post here. Colonel S. W. Miller will organize and command the new school.

Santa Monica to Have New School Buildings

SANTA MONICA, Jan. 22.—Out of the proceeds of the recent school bond election the board of education has funds in hand with which to buy a site and erect grammar grade buildings in the southern end of the city.

Kalamazoo to Have First Policewoman in Michigan

KALAMAZOO, Mich., Jan. 22.—Kalamazoo will have the first policewoman in Michigan, following the example of Los Angeles. Miss Ora Matthews, travelers' aid secretary of the Y. W. C. A., will receive the appointment which Police Chief Struble will recommend to the police and fire commission.

JANE ADDAMS WILL GO TO EGYPT SOON

Will Be Unable to Attend Suffrage Rally at Washington, D. C., on March 8

CHICAGO, Jan. 22.—Miss Jane Addams will not attend the national rally of woman suffragists in Washington, March 8, planned originally in her honor. It was announced at Hull House that Miss Addams would sail from New York February 18, for a long stay in Egypt.

WOMAN LEGISLATOR OF UTAH IS DEAD

Nervous Prostration Following Exciting Campaign Was Cause of Death

SALT LAKE CITY, Utah, Jan. 22.—Mrs. Edyth Ellerbeck Read, member of the lower house of the Utah legislature, died Monday from nervous prostration. She was elected on the Republican ticket at the last election, and her condition became critical after an exciting campaign. Mrs. Read graduated from Leland Stanford Jr. University, where she took a prominent part in literary and dramatic work.

1 Dead, 2 Hurt in Explosion

RIVERSIDE, Jan. 22.—Steve Cuzme, aged twenty-seven, an Austrian, is dead and two Mexicans were badly injured yesterday in an explosion occurring when they dropped 800 pounds of dynamite into a hole 145 feet deep for the Riverside Portland Cement Company. The dynamite exploded when it struck the bottom.

SHIELDS AND ENLOE TIE LONG TERM SENATORSHIP

NASHVILLE, Jan. 22.—Chief Justice Shields, Democrat, and B. A. Enloe, Fusionist, tied, with sixty-two votes each, with the remainder scattering, was the result of today's balloting in the legislature for the long term senatorship. Sixty-seven is necessary for a choice.

WALKOUT IS EXPECTED

CHICAGO, Jan. 22.—A walkout of the Chicago Garment Workers in sympathy with the New York strikers is expected momentarily.

Union leaders tonight decided not to wait a week for the employers to break contracts with the New York manufacturers, as demanded.

When the union representatives called at the shops today they were turned down sharply. The leaders then empowered the strike committee to act immediately.

FIRE STARTS IN BASEMENT OF SCHOOL

Domestic Science and Manual Training Building Threatened Quickly Emptied

OIL BURNER OUT OF TRIM DANGEROUS

Firemen Turn on Chemical Stream and Flames Are Put Out In Few Seconds

The domestic science and manual training building at the corner of Church and Sycamore streets was threatened with destruction for a few minutes this morning. The damage was slight, the flames being extinguished in short order. Forty-eight girls in the domestic science department fled out in double line, and twenty boys in the manual training department walked out in a body.

The fire was all in the basement in front of the heating furnace, and came from the fact that too much distillate had been turned on.

The system of heating used is a hot air system. The furnace is supplied with distillate from a tank on the north side of the building. Air heated by the furnace is sent into the distributive system by a fan.

For some time the janitor, Feighner, has complained of having had trouble with the distillate burner. This morning Principal Shaw of the manual training department stated that in his opinion the heating plant was a cheap outfit.

This morning Feighner seemed to have trouble getting enough flame to supply a sufficient quantity of heat. It is understood that he turned on more distillate. Principal Shaw thinks that later the feed pipe cleared and an over-supply of distillate was furnished.

About 9:30 o'clock dense smoke began coming from the basement. C. H. Stearns, teacher of manual training in the grades, who was on the first floor with twenty boys, ran out the front door and attempted to go into the basement, but was driven back by the black smoke. He then called up the fire department by telephone, and then ran to the rear of the building and turned off the supply of distillate.

The firemen ran out its chemical hose and soon had the fire out. The front of the furnace was black with soot. A wooden door near by showed where the flame had gained a foothold. A chair setting near the furnace was afire.

The serious danger was in the fact that had the fire had a few minutes longer start the ceiling, which is not cement but is of plaster, would have been afire. A support but a few feet from the front of the furnace is of wood, with asbestos on the side facing the furnace.

When Prof. Stearns ran outside the building to see where the smoke came from, he was followed immediately by the twenty boys who were at work in the department, which is located on the lower floor of the building.

Forty-eight girls were at work on the second floor in the cooking and sewing departments under the direction of Miss Grace Whitted. At the first alarm, Miss Whitted gave the order to march out, and the girls passed down the stairs in double file, and the entire building was vacated in a few seconds. This building was constructed about two years ago, and while the furnace room seems not to be as nearly fire-proof as it ought to be, the remainder of the building is constructed with broad stairways so that the students may pass out quickly. The rooms are not crowded.

MAYOR AND PASTOR AID WOMEN IN THE RECALL OF WELLER

SACRAMENTO, Jan. 22.—Reverend Charles A. K. San Francisco, John D. Rockefeller's former pastor, and Mayor Wilson of Berkeley today allied themselves with San Francisco club women in circulating a petition to recall Police Judge Weller of San Francisco. The women seek his removal because Weller reduced the bail of a prisoner charged with attacking a girl, the prisoner then leaving the state.

Weather Record

Following is the weather record kept by Justin M. Copeland, 615 North Sycamore street, Santa Ana, for week ending Jan. 22, 1913:	
Date.	Temperature. Rain.
	Max. Min.
Jan. 16	62 46
Jan. 17	62 48
Jan. 18	62 38
Jan. 19	60 40
Jan. 20	66 42
Jan. 21	62 31
Jan. 22	62 37
Rain for week	0.34
Rain for season	2.66.

COL. ROOSEVELT DEFENDS HIS ACTION

Says His Course in Tennessee Coal and Iron Co. Case Saved Country From Disaster

SAYS COMPANY WAS NOT ABLE TO STAND ALONE

Declares Later Information Would Not Have Counted as Much as Snap of Finger

NEW YORK, Jan. 22.—Referee Brown in the government's suit to dissolve the steel trust today took Col. Roosevelt's testimony at the Outlook office. He was questioned regarding his sanction of the steel corporation's absorption of the Tennessee Coal and Iron Company. The attorneys finally agreed to incorporate in the evidence in the present case Col. Roosevelt's testimony in this matter given before the house committee.

When Col. Roosevelt reached his offices he found Brown with attorneys waiting. He peeled off his overcoat, announcing he was ready to be questioned immediately. Roosevelt dominated the hearing. Referee Brown being relegated to the background. R. V. Lindabury, a former steel trust attorney, conducted the examination. His questions indicated a wish to conciliate the Colonel, who defended his actions in the Tennessee case, declaring the absorption was both justifiable and within the law.

Referring to his action in the Tennessee case, Col. Roosevelt said: "Those were panicky times. The men who advised me that necessity required that the steel corporation absorb the Tennessee company, gave me the best information they possessed. It was a matter of life or death with me. The financial wrecking or salvation of the country depended on the accuracy of that information. It showed beyond doubt that the Tennessee company could not develop unless it was put into competent hands. I am still convinced that what I did was necessary to prevent widespread disaster to the people of the country."

Former Secretary of War Dickinson cross-examined the Colonel. He recited that the steel trust absorbed a long list of independent companies before the Tennessee deal. Roosevelt said he did not know those facts at the time he sanctioned the merger, but even if he had it would not have made any difference. He said: "Had I had all the information you now possess, it would not have counted as much as the snap of a finger. The plan I approved was the wisest and best."

At the end of the hearing, Colonel Roosevelt shook hands with the attorneys and invited Dickinson to lunch.

ANDERSON IN MEASURE ON MARRIAGE

Would Require Certificates of Health—Bills Recommended by Judiciary Committee

SACRAMENTO, Jan. 22.—Senator Anderson of Orange county introduced a bill requiring applicants for marriage licenses to present medical certificates showing they are not afflicted with tuberculosis or venereal disease. Many companion bills modifying the marriage code were introduced.

Bills Recommended
Senator Finn's bill to bond collection agencies to protect their clients was approved by the judiciary committee in its report today. The committee amended the bill to exempt National banks, trust companies and attorneys not connected with collection agencies.

The senate judiciary committee also recommended for passage Senator Thompson's bill requiring hospital attendants instead of sheriffs to accompany insane persons to the asylums when committed. The committee reported the bill without amendment.

IDAHO TOWN BURNING—WATER PIPES FROZEN—TOWN MAY GO

ST. ANTHONY, Idaho, Jan. 22.—The Ross Hammer building and several adjoining ones are burning. Water pipes throughout the town are frozen and it is feared the entire town will go. The loss is already \$250,000.

SINCE THAT FREEZE SHIPPED 2718 POUNDS VEGETABLES A DAY

The Villa Park section is demonstrating every day that the recent cold snap did no damage there. Two crates of winter vegetables have been brought into the Santa Ana Chamber of Commerce by H. H. Gardner, and with it came a letter from the Orange County Vegetable Growers' Association, showing that vegetables from that section are going to market daily. That letter follows:

"Orange, Cal., Jan. 21, 1913.
"Gentlemen:—Since the freeze we have shipped daily 2718 pounds of vegetables. These are a few samples of our shipments. We claim that during the cold snap none of these vegetables had to be smudged.

"Mr. H. H. Gardner is supplying our market with egg plant and cucumbers. G. G. Williamson, Ben Smith, J. H. Evans, E. J. Brown are supplying the green peas. W. H. Brown and H. H. Gardner supply the green lima beans. H. H. Gardner, W. H. Brown, J. H. Evans, G. G. Williamson, Mr. Lockett, C. R. Waite are the bell pepper kings of California. W. H. Brown, H. H. Gardner, C. B. Waite, Mr. Lockett, S. N. Bathgate, P. Padias, J. H. Evans, E. J. Brown, E. Bula, D. C. Newcomb, C. D. Post, Harlow Billingsley and S. R. Obar are supplying the tomatoes. If you would care to display these vegetables for a day or two to the public, it would be greatly appreciated by the members of the Orange County Vegetable Growers Association. Also remember we are located in Villa Park, Cal.

Yours truly,
"A. J. BOULANGER."
The vegetables are on display, plainly labeled from Villa Park.

HONEY SAYS NO RELEASES

ORANGE, Jan. 22.—It seems almost certain that the difficulties that have arisen over the Honey tract are going to go into the courts for settlement. E. A. Honey states that he will sign no releases for individual lots until the National Home & Town Builders come through and square up with him for what he says is due him.

J. P. Smith, secretary of the National Home & Town Builders, has suggested that owners of lots here could protect their interests by paying to Honey the difference between what they have paid in and \$142.34, the total to be paid Honey on each lot according to the contract with the company. If Honey will not give individual releases, however, this plan will not work out.

The officers of the company declare that the trouble is that Honey has been bucking out of the "traces," and has refused to accept payment and give proper releases. It is said that \$500 was in the bank with which to pay Honey but he refused to take the money.

There is a proposition now on foot whereby the business of the National Home & Town Builders will be taken over by another company.

BIG UNION DEPOT FOR KANSAS CITY

Union Passenger Station Under Way Is One of Biggest; Total Cost \$41,000,000

KANSAS CITY, Mo., Jan. 22.—The new Kansas City union passenger station now nearing completion, according to comparisons given out yesterday, is six times larger than the old one and nearly four times larger than the Northwestern station in Chicago, thirty per cent larger than the new union station in Washington and eighty-three per cent larger than the union station in St. Louis. The main building will have an area of 140,031 square feet—which is exceeded only by the New York Central and Pennsylvania stations in New York city. The floor space of the express buildings and baggage room is greater than any other station building in America. The estimated cost of the station building is \$6,000,000 and of the station and terminals \$35,000,000.

GOOD WISHES TO HELEN GOULD

Long Beach Y. W. C. A. Forwards Letter of Felicitation to Angel of Reform Movement

LONG BEACH, Jan. 22.—The Long Beach Y. W. C. A. has forwarded to Miss Helen Gould, who today will wed Finley J. Shepard, the following letter, which will reach her before her marriage:

"The Long Beach Y. W. C. A. and board of directors extend to you the most cordial good wishes in this happy time. They join the multitude of men and women throughout the country who are rejoicing in your joy, and praying that upon you both may come heaven's richest blessings."

When Miss Gould visited Southern California last year the Y. W. C. A. tendered her a reception which was attended by representative women of this city.

HELEN GOULD WEDDED TODAY

Well Loved Woman and Heiress of Vast Wealth, Bride of Finley J. Shepard

WEDDING WAS PRIVATE BUT BRILLIANT EVENT

Gifts to Value of Half Million—Rich Decorations For Tarrytown Bridal

TARRYTOWN, N. Y., Jan. 22.—Miss Helen Miller Gould, youngest daughter of the late Jay Gould, and Finley J. Shepard, a St. Louis railroad official, were married at noon in the Gould mansion at Lyndhurst. Although heralded as a simple wedding, the rich decorations, hundreds of costly presents and a brilliant wedding breakfast made it otherwise. Rev. Daniel Russell officiated, using the Presbyterian service.

The bride's only attendants were her two little nieces, Helen and Margaret Gould. There were seventy-five guests, practically all being members of the Gould families. These included George Gould and wife and their children, Edith and Gloria; Frank and Howard Gould, Anthony Drexel, Jr. and Mrs. Drexel; the Duke and Duchess of Tallyrand and their son Howard; Mrs. Burton Wright, the bridegroom's sister.

Besides flowers from the bride's estate, the florist used \$300 worth of smilax. The altar was constructed of smilax and roses. The bridal party appeared to the strains of the Lohegrin wedding march, led by Rev. Mr. Russell. The bride was on the arm of her brother George, and Louis Shepard, the groom's brother, attended him.

A private detective stationed at the door failed to recognize George Gould when he appeared for the ceremony. Gould was compelled to wait in the cold with his wife while his identity was established. The value of the wedding gifts is estimated at half a million dollars.

The wedding ceremony started at 12:30 o'clock. Shortly after Mr. Shepard left the festivities long enough to say: "My wife and I will remain at Lyndhurst for a week at least, but later we may take a trip, but our plans are indefinite."

TWO MEN REPORT NO FROST DAMAGE ON THEIR PLACES

FULLERTON, Jan. 22.—D. J. Bastanchury has 240 acres in La Habra valley set to walnut trees two years old and reports no injury by the cold weather. He thinks the damage to the orange and lemon trees in that valley will be much lighter than at first reported.

Rev. W. D. White, former pastor of the First Baptist Church of Fullerton, but now a resident of Alhambra, has decided to retire from the ministry and engage in business.

After the cold weather it was reported that much of the nursery stock in this section had suffered. William Goodwin, who has several thousand dollars' worth of nursery stock on his place south of town, reports that not a tree has been damaged and that he can see no sign of cold weather on his place.

600,000 ACRES CUT FROM FOREST LANDS

Cleveland Forest Reserve Reduced By Order of Taft; Large Part Farm Land

LOS ANGELES, Jan. 22.—Approximately 600,000 acres of land have been eliminated from the Cleveland national forest in San Diego county by order of President Taft, according to notice received yesterday at the United States land office.

The land is withdrawn because the government has determined it is not suitable for forestry purposes. It may be thrown open to entry under the homestead and desert land laws at the discretion of the secretary of the interior. Several thousand acres are good for agricultural purposes.

CHICAGO GARMENT WORKERS BACK NEW YORK CITY STRIKE

CHICAGO, Jan. 22.—The Chicago Garment Workers Union has notified the manufacturers that thirty thousand employees are ready to strike unless contracts to do work for the New York shops affected by the strike there, are terminated immediately. The employers have denied that such contracts exist.

\$100,000 FIRE RAGES IN NEW LONDON, OHIO

NEW LONDON, O., Jan. 22.—The business section of this town was practically destroyed by fire yesterday, two square blocks being leveled. The loss is over \$100,000.

ANAHEIM IS AFTER MORE SUGAR BEETS

And the Lower Riverside Valley People Think They Can Grow Them

The Anaheim beet sugar factory is reaching out for more sugar beet growing territory.

A representative of the Anaheim Sugar Beet Company went to Arlington, near Riverside, lately for the purpose of interesting residents of the lower end of the Riverside valley in the culture of sugar beets.

R. J. Briscoe of that vicinity who seems to have "started something" in this line, writes the Press as follows relative to the sugar beet proposition and its importance to that section:

"I know something about the growing of sugar beets and sugar beet factories, having had experience in the Salt River valley of Arizona, where I have landed interests.

"We have 5000 acres of land between Highgrove and Arlington that is the best in the country for sugar beets. It should be used for some such substantial purpose. I am told beets raised here have yielded 20 per cent of saccharine matter. An acre averages 18½ tons of beets. The price on track is \$7 value gross to raisers or \$135 cash here in Riverside.

"Riverside should be known as the 'City Prosperous' as well as the 'City Beautiful' and will be if products suitable to the climate and conditions are fostered and handled here. 'Riverside is all right and the loss of over \$2,000,000 will easily be covered provided we cheer up and do the best we can, especially if we stop these street corner talks and go to work."

Mr. Briscoe has interested himself in the beet proposition since the freeze and as the above letter will indicate is an enthusiast on the proposition. It was through his efforts that C. S. Holt of the Anaheim Sugar Co. agreed to confer with any of the Arlington people who are interested in the growing of beets.

Gift to Commerce Chamber
Will Rohrs has presented the Chamber of Commerce with a three-foot piece of buckhorn wood from Williams Canyon.

IF YOU ARE A DRINKING MAN

You had better stop at once or you'll lose your job. Every line of business is closing its doors to "Drinking" men. It may be your turn next. By the aid of ORRINE thousands of men have been restored to lives of sobriety and industry.

We are so sure that ORRINE will benefit you that we say to you that if after a trial you fail to get any benefit from its use, your money will be refunded.

When you stop "Drinking," think of the money you'll save; besides, sober men are worth more to their employers and get higher wages.

Costs only \$1.00 a box. We have an interesting booklet about ORRINE that we are giving away free on request. Call at our store and talk it over. Hatfield & Parsons.—Advertisement.

IT PAYS

to get your Auto repaired done right. If the work has been done by experts you know you can depend on it, and your worry at once ceases.

Why Not Call and Inspect our shop, our garage facilities, and our complete line of standard tires and accessories? It will pay you to get acquainted with our repair and supply service.

CUPID BUSY BOY HERE LAST YEAR

Marriages Increase 22.8 Per
Cent In County In 1912;
20.7 In Orange

Los Angeles Tribune: Cupid did a bargain counter business in Los Angeles county and in Orange county, the adjoining Gretna Green, during the leap year of 1912, according to the showing of vital statistics just completed by George W. Leslie, statistician of the state board of health.

The 1912 marriages in Los Angeles increased at the remarkable rate of 22.8 per cent and in Orange at the rate of 20.7 per cent. For comparison, the rate for last year in San Francisco was but 16.8 and the state rate for 1911 was 9.5. Hence it is apparent that Los Angeles has experienced a great increase in the number of marriages.

For the year there were 7,490 in the county against 6,102 for San Francisco, an increase of 1,427 over 1911 and a marriage rate of 13.0 per 1000 population as compared with 11.5 for 1911 and 10.7 for 1910.

The state figures show that many Los Angeles couples obtain licenses and are married in Orange county, with the result that that county reports an increase of 20.7 in the number of marriages over 1911.

The aggregate of 8,780 marriages for Los Angeles and Orange counties together in 1912 represents a marriage rate of 14.2 per 1000 inhabitants, while the aggregate of 7,332 for both counties in 1911 indicated for their combined population a rate of 12.6 per 1000. The rate was 11.7 for 1910.

The following tables of marriage figures for Los Angeles and Orange counties show that the rate of increase in both for 1912 was nearly twice as great as for any previous year:

Los Angeles Marriages			
Year	Marriages	Increase	Pct.
1912	7490	1427	22.8
1911	6263	811	14.9
1910	5452	504	10.2
1909	4948	497	11.2
1908	4451	396	8.2
1907	4847	341	7.6
1906	4506

Orange Marriages			
Year	Marriages	Increase	Pct.
1912	1290	221	20.7
1911	1069	118	12.4
1910	951	80	9.2
1908	871

PREMIER BRIAND ANNOUNCES NEW FRENCH CABINET

PARIS, Jan. 22.—Aristide Briand, the new French Premier, yesterday formally announced his cabinet. He will personally retain the minister-ship of the interior; Dean Barthou will be minister of justice; Charles Jannart, foreign affairs; Eugene Etienne, war; Pierre Boudin, marine; Louis Klotz, finance; public instruction, Jules Steeg; public works, Jean Dupuy; agriculture, Jean Morat; commerce, Fernand David; colonies, Gabriel Guisthau; labor, Rene Bog-nard.

COLORADO NOW HAS TWO U. S. SENATORS

First Time Since 1911—William Alden Smith Sworn In After Re-election

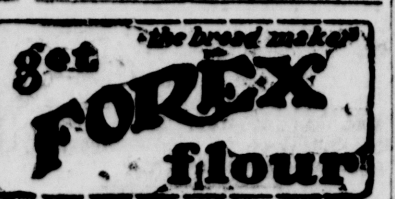

WASHINGTON, Jan. 22.—Colorado now has two United States senators for the first time since the death of Senator Hughes in 1911. Former Governor Charles S. Thomas Monday day was sworn in as senator from that state to fill the unexpired term. His credentials were presented by Senator Guggenheim.

The senate also received the new credentials of William Alden Smith of Michigan, who was re-elected last week.

MILLIONS OF TONS OF COAL ARE FOUND

Virgin Lands Discovered by Mining Engineers Are Good for Hundred Years

SELIN'S GROVE, Pa., Jan. 22.—Mining engineers employed by the Reading Coal & Iron Company have announced the discovery of a large area of virgin coal lands in Bear Valley. Experts say the newly discovered veins will yield millions of tons and will be inexhaustible for one hundred years.

Orange County Centennial Edition of the "Register"

The Register is getting together material for a Souvenir Booklet of Orange County. This county being just about twenty-five years old, the publication will be entitled Orange County Centennial Edition of the Santa Ana Daily Register, and it will contain a complete presentation of the Resources and Attractions of Orange County—all parts of Orange county, all industries, attractions and phases of life.

The booklet will consist of about 100 pages, about the size of the Saturday Evening Post. It will be printed on the finest book paper and profusely illustrated, with photo-engravings—the finest panoramic views from mountain and hilltops, marine views, inspiring scenes, the handsomest homes, the principal public buildings, such as courthouse, the new hospital (from architect's drawing), city hall, schools, churches, bank buildings and business blocks, orange and walnut groves, celery and alfalfa fields,—in all probability a hundred or more pictures.

The articles will be carefully prepared by the best writers in the county, as the following leaders will indicate: Orange County Considered As a Horn of Plenty—By Linn L. Shaw.

A Day's Ride by Auto Through Orange County: What It Shows of Beauty, Peace and Plenty—By Lee M. Hopper and Fred L. Ross.

Social Conditions in Orange County—By Kate Kennedy Roberts.

Religious Conditions in Orange County—By Rev. J. A. Stevenson.

The Public Schools of Orange County—By L. P. Mitchell, County Superintendent of Schools.

Political History of Orange County; A Quarter of a Century of Honesty and Efficiency in the Public Service—By T. E. Stephenson.

Factors That Make For Good Citizenship in Orange County—Rev. J. Herndon Garnett.

Harbor Possibilities of Newport Bay—By Linn L. Shaw and Lew H. Wallace.

Besides these and other general articles on Orange County, there will be a special article on each of the county's leading industries, and a section of the publication will be devoted to each of the towns for general write-up and special articles, and also to each part of the county having individual distinction or importance, such as the Peatlands, the San Joaquin Ranch, La Habra Valley, Lemon Heights, etc.

We want for this publication the widest possible circulation. It will be so interesting and handsome and complete that it will be preserved for months and years in the homes to which it will be sent by Orange County people, and thus become a lasting and to some extent a permanent advertisement for Orange County.

We want also to get as many advance orders as possible, so as to be able to determine how large an edition to print.

The retail price of the book, wrapped ready for mailing will be 15c, but we will take cash in advance orders at the rate of four (4) copies for fifty cents (50c) or ten copies for one dollar (\$1.00), to be delivered at this office all wrapped ready for mailing; or we will mail the copies you order upon receipt of your list of names and addresses, together with the amount of postage required. This amount will be announced as soon as it can be determined.

Meantime send in your orders and money, 15c per copy, 4 for 50c, 10 for \$1.00. These rates are for cash-in-advance orders only. After publication the price will be 15c per copy straight, except in quantities of 100 or over.

Don't be afraid to send in your orders or money, for if the publication is not the handsomest and most valuable ever issued in Orange County—if you are not entirely satisfied with it as a credit to the county and a valuable advertisement for the county you can get your money back.

GETTING GRAY? USE SAGE TEA TO RESTORE NATURAL COLOR OF HAIR

Says Sage and Sulphur Dark-
ness Hair Beautifully and
Ends Dandruff

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless is caused by a lack of sulphur in the hair, says a well-known local pharmacist. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful and even today this simple preparation has no equal. Millions of women and men too, who value that even color, that beautiful dark shade of hair which is so attractive use only Sage Tea and Sulphur.

Nowadays we are not bothered with the task of gathering the sage leaves and the mussy mixing at home. Simply ask at any drug store for a 50 cent

bottle of the ready to use preparation, called "Wyeth's Sage and Sulphur Hair Remedy." Customers like this best because it darkens so naturally; so evenly, that nobody can possibly tell it has been applied. Besides, it contains ingredients which take off dandruff, stop scalp itching and falling hair. No, it isn't a dye or even like it. You just dampen a sponge or soft brush with "Wyeth's Sage and Sulphur" and draw it through your hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two it is restored to its natural color.

What delights the ladies with Wyeth's Sage and Sulphur is that besides beautifully darkening the hair they say it brings back the gloss and lustre and gives it an appearance of abundance. Rowley Drug Co.—Advertisement.

OF AMERICAN SILK

Miss Eleanor Wilson to Wear Norfolk Manufactured Silk Dress at Father's Inauguration

NORFOLK, Va., Jan. 22.—The dress Miss Eleanor Wilson will wear at the inauguration of her father, Woodrow Wilson, President-elect of the United States, will be made from silk manufactured in Norfolk. It was presented to Miss Wilson by the Andre Silk Company.

Miss Wilson, in accepting the \$650 silk dress, was asked to name the shade of silk she desired. She elected the color of the outside petal of the American Beauty rose.

FELL FORWARD A DEAD MAN

Stranger Appearing at Los Alamitos Now in Morgue Awaiting Identification

At the morgue Coroner Winbiger has the body of an unknown man who died suddenly at 3 o'clock yesterday afternoon at Los Alamitos.

The man appeared at the sugar town in the afternoon and was seen standing idly about the streets. He tried to buy alcohol at Watts' store, but failed. About 3 o'clock he sat down on a step beside a Mexican lodging-house. Suddenly he pitched forward on the ground. Several men ran to him. They say he was dead when they arrived.

An examination by Coroner Winbiger today developed the fact that the man's lungs were badly congested, showing that the man had been suffering from pneumonia.

The man was roughly dressed and rough in appearance. He was about 60 years old, 5 feet 10 inches tall, weighed about 170, large and strong, had long, shaggy sandy hair and a full gray beard, which was also shaggy and unkempt, and rather curly. He wore a pair of gray pants, a black slouch hat, an old gray sweater and a pair of striped bib overalls.

AMUSEMENTS

"Mutt and Jeff." The one real acknowledged comedy success of the season comes to the Grand Opera House on Wednesday, Jan. 22. It is "Mutt and Jeff," the widely known cartoon musical comedy which Gus Hill built about the funny characters of the same name appearing in the various daily newspapers throughout the country, and which owe their creation to the fertile brain of Bud Fisher, of the New York American staff. The entire country is ringing with laughter over the antics of these famous laugh makers. Mr. Hill has built a play for their appearance, properly fitted to the style of entertainment demanded by the popular conception of these characters. "This is the second successful season of 'Mutt and Jeff,' and everything has been furnished new for the occasion, including scenery, costumes, music and songs. It is a real dollar and a half show, admitted by practically every critic throughout the country who has seen it, as well as the public, which has literally gone 'wild' over its side-splitting humor. No other offering of the year has so delighted audiences in every section of the country as this rip-roaring comedy. It was written for every portion of this great America, and not for any particular section,

so that it never fails to draw. The piece has been provided with a car load of beautiful scenery, which lends the proper atmosphere to the story, and there is much more of this latter equation than will be found in the usual turn-of-musical play. "Mutt and Jeff" is a Broadway show from start to finish, with a bright, handsomely crowned chorus of young ladies who can sing and dance in addition to their ability to look pretty. Playgoers who fail to witness the performance of "Mutt and Jeff" will have overlooked one of the good things of the season.

LONG BEACH WOULD GUARD ABALONES

Petitions Circulated Asking
Legislature to Prevent
Their Extermination

LONG BEACH, Jan. 22.—Petitions were circulated here yesterday praying that the state legislature pass a law adequately protecting abalones in the waters of the state by prohibiting the use of diving apparatus now employed by abalone fishers. The petitioners contend that the employment of diving apparatus by the abalone fishers tends to exterminate the abalones at an alarming rate. Japanese fishermen are said to be the only ones who use diving apparatus in fishing for abalones.

One of the leading supporters of the proposed abalone law is Charles L. Edwards of Los Angeles. He is the director of the marine biological station at Venice and director of the department of nature study in the Los Angeles schools, and special investigator of abalones for the state fish and game commission.

The petitions will be forwarded to the state legislature within a short time.

STORM NO LONGER IS MINERALOGIST

Removed From State Office by
Gov. Johnson — Succeeded
by Fletcher H. Hamilton

SAN FRANCISCO, Jan. 22.—Former State Mineralogist W. H. Storms, who was yesterday discharged as head of the State Mining Bureau by Governor Johnson, "for cause," calmly handed his office over to his successor, Fletcher H. Hamilton, this morning. Hamilton is a graduate of the University of California. He says there will be no change in the personnel of the bureau.

**BOARD OF CONTROL MAY
PROBE MATTER FURTHER**

SACRAMENTO, Jan. 22.—Chairman Neyland of the State Board of Control intimated that there would be further investigation of the office of State Mineralogist together with the accounting of the office incident with the turning over of the office to the new appointee. As far as the executive office is concerned, Gov. Johnson announced that the matter is a "closed incident."

Storms Bounced
SACRAMENTO, Jan. 22.—Governor Johnson late yesterday afternoon removed W. H. Storms as state mineralogist and appointed as his successor Fletcher H. Hamilton of Berkeley.

Mr. Storms is the man whose office was subjected to severe criticism by the state board of control in its recent report to the legislature. His conduct of the office has been generally inefficient, and when C. L. Avery, state superintendent of accounts of the state board of control, visited Mr. Storms to audit accounts he discovered that out of \$2600 which should have been on hand and in the bank there was only \$539. Tags recording loans and advances to employees was all that could be found to represent the missing money.

Anticipating removal as result of this exposure, he sought to make it appear that his real offense was in not carrying out Governor Johnson's wishes with respect to certain appointments. Governor Johnson ended the discussion yesterday by ordering his summary removal.

Mr. Hamilton is a graduate of the mining college of the University of California and has been actively engaged in mining in Montana, Nevada, California and Mexico.

MILLION DOLLAR COTTON FACTORY

Soon to Be Built at San Pedro;
Will Equal If Not Surpass
Similar U. S. Plants

Los Angeles Examiner: The largest cotton mill in California and one of the largest in the United States, is to be started soon at San Pedro, according to the announcement yesterday of M. W. Durham, president of the new industrial organization. The plant will be named the "Olympia Cotton Mill of Southern California;" the company has been capitalized at \$2,500,000 and \$1,325,002 has already been subscribed, said Durham.

On land which four years ago cost \$160,000 and which lies just outside the city limits at San Pedro, the new mill will be erected which promises to bring gigantic benefits to California. Today President Durham, H. C. Gill, the manager for the new concern, and other officers of the organization will go to San Pedro to let the contract for excavation for a four-story, reinforced concrete structure. The building and improvements will cost a total of \$500,000.

Machinery to Be Latest
It is promised that the latest improved machinery, which will rival or surpass that in most of the large cotton plants in the United States, will be installed. The machinery, President Durham stated, will cost hundreds of thousands. The total cost of the plant, it is estimated, will exceed \$1,000,000.

A direct power drive to run the machinery will be used, something new for cotton mills. Electricity will be used.

Three years ago the plant was planned for San Antonio, Texas. The advantages of Los Angeles harbor and the trade Los Angeles will get when the Panama canal opens, asserted Durham, were two big factors which caused the company to change its plans and turn its attention to the coast.

When the mill is in operation 3500 persons will be employed, President Durham estimates.
See Big Advantages Here
"Besides the canal and the harbor," said Durham, "the climatic conditions of this city, the water rate, the coming business to Southern California and its growth in the next few years, all helped to bring us here."

"We will send cotton from the Los Angeles harbor to foreign ports and to every corner of the globe; the whole state will be vastly benefited and Los Angeles and Southern California advertised."

Other officers of the company are C. F. Hamberg and C. W. Durham. The attorney is John W. Satterwhite.

BESSERITES WON IN BOWLING MATCH

Last night the Besserites again handed the W. E. May bunch an overwhelming defeat, winning by over 200 pins in the bowling contest.

Frank Besser carried off high score honors with a mark of 202.
Pete Chandler carried off high average with 169 points for the five games. Besser's team also won three out of the five games, giving them the match altogether.

The score:
MAY—Average. Total.
McBurney 141 741
Walker 168 842
Vestal 142 709
May 145 735
Torrens 166 833

BESSER—Average. Total.
Besser 167 837
Chandler 169 846
Strange 161 803
Scott 151 753
Cochems 152 758
Officials—Umpire, Dave McBurney; scorers, Ray Chandler and C. W. Raney.

GOING TO DISCUSS THE P. E. FRANCHISE

Members of Association and
Others Invited to Take
Part

Orange News: The members of the Merchants & Manufacturers' Association of Orange will meet tomorrow evening for a discussion of the railroad franchise question. Secretary V. D. Johnson has issued notices to the members and has sent invitations to a number of non-members. Light refreshments are to be served and all members of the association are urged to be present.

Fifty-seven men sat down at a banquet given by the Men's Brotherhood of the Christian Church last evening. The banquet was the first of a series to be held in the near future.

Rev. J. K. Shellenberger was the speaker of the evening. His subject was, "Is the Church Worth Supporting?" Mr. Shellenberger was formerly field secretary of the Brotherhood. He handled his subject in able fashion, bringing clean-cut argument to bear out his statements.

J. D. ROCKEFELLER'S \$100,000,000 PLAN FAVORED BY HOUSE

WASHINGTON, Jan. 22.—Articles of incorporation for the so-called Rockefeller Foundation, to administer a philanthropic fund of \$100,000,000 to be donated by John D. Rockefeller, were passed by the house Monday, 152 to 65, after desultory opposition. The measure now goes to the senate.

THE DECLINE OF WILLING SERVICE

In a New York newspaper the other day, a correspondent complained that the servants in his apartment house were not satisfied with their Christmas tips. His family had been subjected to petty persecutions. Letters had been held back, the elevator stopped at the wrong floor, etc. Yet the complaining employees, some twenty in number, had had a purse of \$750 from the tenants.

If such instances were confined to Manhattan island, where conditions are very artificial, they would have no general significance. But this spirit is creeping all over the country.

The writer recollects one occasion, when as a boy he stopped a runaway horse. When the owner came up and offered him a quarter, he promptly refused it. He was not complaining of the size of the tip, either. The offer was a surprise and somehow went against the grain. At that time nine out of ten boys of his size and age would have done the same.

Such a refusal today would strike a great many men as quixotic and high flown. But it was probably based on some unconscious feeling that members of a common community owe each other certain services as members of the community.

This spirit, for instance, is more prevalent in the west than in the east. In Denver, Colo., a man once went blocks out of his way to assist the writer to find his destination. In New York they'd simply say "Ask a policeman," if indeed they would deign to reply at all.

The old type of country community developed a spirit of helpful service that has disappeared in modern city life. When a neighbor was sick, his woodpile, by mysterious means, found its way into the shed. Watchers sat the long hours of midnight, at the sick-bed unaided.

Today every five minutes of time is itemized in the bill. Often you must pay two prices, one to the owner and another to his agent, as the distressed New York apartment house dweller is learning to his sorrow.

VIEWS OF IMPEACHMENT

The conviction of Judge Robert W. Archbald of the Commerce Court cannot but afford encouragement to those opponents of the "recall" of judges, who have held that impeachment was the remedy for misconduct on the part of our judicial officers. The Archbald case is only the third instance of successful impeachment proceedings in the United States in a period of 124 years. A method of reaching public officials that only wins once in 40 years is of course not efficient. Probably one great reason for this failure has been the older view of the nature of impeachment proceedings.

The only impeachable offenses by the constitution are "treason, bribery, and other high crimes and misdemeanors." During the formation of the constitution there was a strong effort made to broaden the ground for such removal. Amendments were introduced that would have permitted removal for "malpractice and neglect of duty" or for "maladministration." Both of these amendments were beaten. James Madison spoke against one of them on the ground that it would create a "tenure of office at the will of the Senate."

The difference of opinion thus disclosed has persisted to the present day. One school of constitutional lawyers has argued that impeachment is possible only for such crimes as one could be criminally indicted for. Others have placed a more elastic interpretation thereon, and have held that it applied to a wide range of action detrimental to the essential principles of government. This idea has been recognized in the constitutions of many states, but not in the United States constitution.

The overwhelming vote against Archbald suggests a general recognition that the old view of impeachment is out of date. Conspicuous unfitness and unsuitability may exist even if a man has not broken even a by-law of a cemetery corporation. A few years ago many of the senators would have required evidence that would put a man behind the bars.

For Mr. Bryan to accept the post of Ambassador to the court of St. James might be construed as a confession of plutocratic means.

Maybe some time the nations will learn to hold their peace conferences before commencing to shoot up anything.

Beet Sugar A Perfect Product

Meets the Most Exacting Demand and Cannot be Distinguished From Cane Sugar

Any question as to the quality of the beet sugar is an important question in Orange County, in which are located five of the seven beet sugar factories in Southern California which produced in 1912 the enormous amount of 183,291,500 pounds of sugar.

But that there is a question as to the quality of beet sugar everyone knows. Everyone does not know, however, that it is a sort of fictitious or obsolete question. Once upon a time, beet sugar was not a perfect product; TODAY BEET SUGAR IS A PERFECT PRODUCT. However it is not uncommon to hear a housewife declare it to be impossible to preserve fruit or to make confectionery with beet sugar. Others claim that beet sugar is not as sweet as cane sugar and hence more of it is required to render a given degree of sweetness. Some claim to be able to distinguish beet sugar from cane sugar by the size of the crystals, some by the color, others by the length of time it takes a lump of sugar to dissolve in a cup of coffee or other liquid.

All of these conclusions are fallacious, for even a chemist, surrounded with all his scientific laboratory equipment, cannot distinguish one from the other. Although derived from different species of plants, the refined product from the juice of the cane and beet is the same in composition, in sweetening power, in dietetic effect, in chemical reaction, in all other respects. Furthermore, if maple sugar were reboiled and passed through the process of refining, it would lose its aroma and flavor, which are wholly in the impurities, and the white crystals would be identical with those derived from sugar cane and sugar beets.

Pure sugar, whether derived from beet or cane, is as identical as is pure gold, whether mined in the Rocky Mountains or in the Transvaal. It would be as reasonable for a housewife to attribute the failure of her omelette to the fact that hens which laid the eggs were Rhode Island Reds instead of Wyandottes, as to attribute the failure of her preserves to the use of beet instead of cane sugar.

Inasmuch as one-half of the 17,000,000 tons annual sugar production of the world is derived from European sugar beets, to assume that this sugar cannot be used for preserving fruit or making confectionery is to assume that where beet sugar is produced the people either go without confectionery and preserves or that they import cane sugar with which to prepare them.

For fifty years or more the continent of Europe has depended almost exclusively on beet sugar. Aside from a small amount of French Colonial sugar and some 20,000 tons of cane sugar produced in Spain, the 3,300,000 tons of sugar annually consumed on the continent of Europe is beet sugar, and no more attractive confections or delicious fruit preparations are produced elsewhere. Of the 1,900,000 tons annual sugar consumption of Great Britain, 1,300,000 tons is derived from Continental sugar beets. A few years ago 40 per cent of the United States importations of sugar were beet sugar and now from time to time, when a shortage of sugar occurs in the West Indies, raw European beet sugar is imported into the United States, and it all emerges from our seaboard refineries as "pure cane sugar." This is neither a legal nor a moral misbranding, inasmuch as Worcester's definition of "cane sugar" is "sugar obtained chiefly from sugar-cane, the sugar maple, and beet-root, and contained in a great many other vegetables," and since, as has already been shown in this article, the food value, flavor, degree of sweetness and all other qualities of "pure cane sugar" made from sugar beets are the same as those of "pure cane sugar" made from any "other vegetable."

From the foregoing, it will be seen that there is no possibility of determining the source from which a pure sugar crystal is derived, and to claim to be able to distinguish one from the other, is to assume the possession of a power of discernment and discrimination which the scientists of the world, aided by all the arts of chemistry and equipped with the most delicate scientific apparatus, have failed to develop.

REGULATION BY COMMISSIONS

Regulation by Commissions was the subject of an address delivered Friday evening at the University of California before a large gathering of students, business men and railroad men. Samuel O. Dunn, editor of the Railway Age Gazette, member of the Illinois Bar, and author of The American Transportation Question.

Mr. Dunn in his introductory remarks spoke in very high terms of the work and personnel of the California commission. He stated that during his visit in California he had been making a study of the work of the commission and that he had nothing but words of praise for it.

He said in part: "Regulating commissions have been created both by the nation and most of the states because it is believed that public utilities must be controlled and regulated in the public interest, and it is thought that law-making bodies, courts and ordinary executive officials are unfit for this work. The personnel and the legal powers of these bodies are equally important. A commission composed of able and impartial men with small powers will do much more good than a commission composed of incapable and biased men with large powers."

Unfortunately, the personnel of regulating commissions usually has been very deficient. The commissions have been partial and seldom have been specially qualified for their duties. Several things are needed to secure better men. Higher salaries should be paid in most states. In only one state, it is believed, is the salary over \$5,000 a year, and in some it is as low as \$1200 or \$1500. The commissioners should be appointed rather than elected. They should have special knowledge of transportation and other public utility matters when chosen, they should be given long terms, and reappointed as long as they remain faithful and efficient. They should have the strength and courage to resist the public when it is wrong as well as to coerce public utility managements when they are wrong. In too many cases the commissioners have been politicians who have previously carried on agitations against the concerns to be repeated and who have by that very circumstance become disqualified to fairly sit in judgment on them.

A public utility is not public property. It is private property devoted to a public service. As long as its ownership remains private so should its management. Its management has the same right as that of any other

concern to determine originally what rates it should charge, what service it shall render and how it shall be financed. And so long as the management does these things in accord with the public interest there is nothing for a regulating body to do. But public utility managements are often unintelligent, unfair, or rapacious, and do not give the public good service at fair and reasonable rates. It is then that the regulating commission should step in and compel the management to do its duty. In other words, the commission's function is not executive, but corrective; and it should have and exercise no more authority than is necessary, but all the authority that is necessary, to compel correction of specific abuses, whether in rate-making or the rendering of service. To give it more than this authority is to encroach on the field of management, which is neither fair nor desirable so long as the ownership of utilities is not public. To give it less than this authority is to give inadequate protection to the public interests. The public can fairly become the general manager of concerns only by becoming also their owner.

Regulating commissions having created and given sufficient authority, they should be left free from interference in the performance of their duties by either the legislature or the public. If they are not the most fit bodies for the performance of their duties they should be improved or abolished. If they are the most fit they should not be hampered by the meddling of those less fit whether the lawmakers or the voters. Furthermore, there is complete inconsistency between regulation by commissions and regulation under anti-trust laws, the purpose of which is to enforce competition; and yet the federal government and some state governments are stupidly and unjustly trying both kinds of regulation.

While regulation should be corrective it should not be oppressive. The amount of profit a public utility should be allowed to earn is purely a question of public expediency; and public expediency demands it shall be not merely a "fair return" but a high enough return to attract into the business enough capital to enable the concern to render good and adequate service. This necessary return is about the same as the returns earned in other lines of business; for all kinds of concerns compete for capital in the same market; and capital goes into these concerns, regardless of the character, that yield the best profits.

SATISFIED WITH SUCCESS OF SOUTH COAST CAMPAIGN

Los Angeles Times: An important meeting of the South Coast Improvement Association was held Tuesday afternoon, at which Bay City, Sunset Beach, Huntington Beach, East Newport, Newport Beach tract, West Newport, Balboa, Balboa Island, Balboa Bayside and Corona del Mar were represented, the following being present: President P. A. Stanton, Secretary J. A. Armitage, W. S. Collins, J. H. Collins, E. J. Louis, W. D. Seeley, H. L. Heffner, W. T. Newland, H. Little and C. V. Barton.

The association welcomed as guests Dr. Arthur T. Snell of Pasadena, and

W. H. Anderson, of Denver, Col.

It was announced that arrangements had been made with President Shoup of the Pacific Electric Railway for and hourly service on the Newport line, in which every car should be a "Flyer." This means that there will be no way stops between Los Angeles and Winewood Junction by any car going in either direction, thus giving much more expeditious service and better time. The new schedule is already in effect.

Messrs. Heffner, Newland, W. S. Collins and W. A. Cornelius were appointed by President Stanton as a

W. A. Huff

standing Roads Committee, to deal with all good roads questions in which the association is interested.

The committee reported that it met yesterday with the board of supervisors of Orange county, representing it to be the unanimous request of the members of the association, in the interest of the speedy development and improvement of the county, that the building of a county road be begun not later than February, 1913, that such work commence at Bay City or Anaheim Landing, and continue south along the coast until completed.

This road will supplement the state highway and county highway system in Orange county, four lateral good roads connecting the interior with the south coast beach communities being projected.

Dr. Sell of Pasadena entertained the meeting with remarks on the desirability of advertising by means of lectures and stereopticons.

Remarks were made by different members of the association voicing their satisfaction with existing conditions, and approval of the persistent campaign of activity and development which has been conducted by the association for nearly a year without pause.

Invitation to the Dance (From Puck.) Old Style

"May I have the pleasure of the next waltz?"

"I shall be very happy, I am sure."

New Style

"Say, kiddo, I've got you cinched for a bunny."

"Right, old sport. Guess I'll keep you a-hoppin'."

Cat Successful Beggar

"Old Tommy," a trained cat belonging to the Seamen's hospital, Greenwich, is taken to Greenwich every day, where with a collecting box on his back, he begs for offerings from the passengers on the river steamboats for the maintenance of the hospital. "Tommy" gets his box full of coins every day.

END DISGUSTING CATARRH

Money Back From Rowley Drug Co. If Catarrhal Misery Does Not Leave You

Try the sure way. Breathe the Booth's HYOMEI over the sore, germ infected membrane, kill the germs and heal the sore spots.

Use the little inhaler that comes with each \$1.00 outfit five times through the day. At night use the vapor breathing treatment as directed.

Booth's HYOMEI does not contain any harmful drug. It is Australian Eucalyptus combined with effective Listerian antiseptics.

When the bottle of HYOMEI that comes with your outfit is gone you can get another for 50 cents. Just breathe it—no stomach dosing.—Advertisement.

Just a Glance at the Present Day Churches

To find fault is one of the easiest of callings, and I hope that the reader will bear with the writer, for he holds himself guilty of all that is herein charged.

One would think that our Dear Beloved Churches of the present day would see themselves as others see them, and try to emulate the Meek and Lowly Jesus, for the good of others.

Slang, for instance, is one of the bad features that all should guard against, newspapers included, but some of our Epworth League and Christian Endeavor societies are weighted down with it. And it is not uncommon to see a wit contest where a public worship meeting was intended.

Much has been said about the End Seat Hog on street cars, but nowhere on earth are this animal's characteristics more conspicuous than in our churches, and they are there usually exhibited by those who should be the most careful to avoid such exhibitions.

Just glance at the deacons of our churches, retired ministers and presidents of the Ladies Aid, and you will see them holding onto the end seat against all comers.

If you want to please the minister, move along. If you want to please the usher, move along. For the usher works for nothing and boards himself, and he has more than a little to contend with. When you break out to show your gallantry you sometimes tramp on his toes. To say the least he must move a little farther on, and he gets tired just like other folks.

All seats in Santa Ana are free, and you should show the Christian spirit by every possible means, and the church itself will be the gainer thereby, for it is very embarrassing for a stranger to crowd in through a collection of toes. You might as well pick and choose your seat at the mourners' bench, where you really belong. I will admit, however, that a mother with small children should have some latitude in this matter. "GUILTY."

Drives Off A Terror

The chief executioner of death in the winter and spring months is pneumonia. Its advance agents are colds and grip. In any attack by one of these maladies no time should be lost in taking the best medicine obtainable to drive it off. Countless thousands have found this to be Dr. King's New Discovery. "My husband believes it has kept him from having pneumonia three or four times," writes Mrs. George W. Place, Rawsonville, Vt., "and for coughs, colds and croup we have never found its equal." Guaranteed for all bronchial affections. Price 50 cts. and \$1.00. Trial bottle free at all druggists.—Advertisement.

GRAND OFFICER'S VISIT

Hermosa Chapter Hostess to Mrs. Scott of Downey, Deputy Grand Matron

Monday was Red Letter Day at Hermosa Chapter, O. E. S., it being the annual visit of the deputy grand marshal of the Seventeenth District, Mrs. Lillian Scott of Downey.

Mrs. Scott arrived in the forenoon and held a school of instruction in the afternoon at Masonic Temple at which all of the officers and many members of the local chapter were present besides many visitors from other chapters.

At the evening session, the Chapter exemplified the work of the order and the officers were highly complimented by the deputy grand matron for their efficiency and the beautiful manner in which the work was done.

After the close of the evening session the members, to the number of one hundred and sixty, were invited to the banquet hall and partook of light refreshments.

On February 10th Hermosa Chapter will entertain the grand officers, who will pay this Chapter their annual visit of inspection.

At Mrs. Hatzfeld's The Bridge Whist Club to which Mrs. Philip Hatzfeld belongs, was entertained by her yesterday at her home on South Sycamore street.

In addition to the round of whist, Mrs. Hatzfeld treated her guests to most delicious refreshments, fully sustaining her reputation as a famous cook.

Besides the hostess, Mrs. Hatzfeld, there were present Mesdames Arthur Lyon, Alice Harris, Jack Porter, H. G. Hull, John Tubbs, Fred Case, J. S. Rice, Lee Collins, Ben Turner, W. E. Winslow, Miss Boyd, Mrs. Frank Case and Mrs. H. O. Egge were substitutes for absent members.

Our recital, a week from tonight at Spurgeon's Hall, will be the best we have yet given. Piano, Voice and Violin numbers besides kindergarten demonstration will constitute a program well worth hearing and we hope the hall will be crowded. The nominal admission fees of ten and twenty-five cents are simply to defray expenses. Tell your friends to come.

504 1/2 N. Main St. Sunset 214.

BARACA CLASS DIVIDES

Enterprising Society of M. E. S. S. Takes Important Step In Future Usefulness

The members of the Baraca Class of the First M. E. Church held their monthly business meeting at the home of Mr. Charles Robinson on Washington avenue yesterday evening and were entertained for a time by progressive flinch after which the meeting was called to order by Mr. Robinson, who laid before the members present the main question to be considered, which was the division of the class into the Senior Baraca and Junior Baraca classes, the former to comprise those of the members who are over the high school age and the latter taking in the high school boys and those of about the same age and having the same interests. The membership present was about equally divided between the two groups and each group retired to discuss the problems connected with the new organization.

The Senior Baracas elected officers as follows: president, Albert J. Shaw, vice-president, W. R. Coleman, treasurer, Clyde Butler, secretary, Eugene Hoff and sergeant at arms, Mr. Lighthall.

The two separate meetings having been concluded, those present again gathered in the library and enjoyed story telling and refreshments. It was one of the most enjoyable meetings of the many that this class has held.

Miss Sarah Gardner will continue to teach the Senior Baracas and Mr. Charles Robinson will teach the Junior Baracas.

Surprised Mrs. Young Twenty-six friends of Mrs. Nellie Young, learning of her birthday yesterday, went out in a body to her West Orange home Monday night and assisted her in properly observing the event. The affair was entirely a surprise to Mrs. Young.

The self-invited guests took refreshments with them and after whist games had been played, with Mrs. Geo. Kroll as prize winner, these were served. The viands included scalloped oysters, sandwiches, pie, cake and coffee.

Travellers Met An interesting meeting was enjoyed yesterday afternoon at the home of Mrs. E. B. Smith by the members of Travellers Club Number One of the Eboli Society.

The study of early English history was continued and the study hour pleasures were supplemented by musical selections from Mrs. Smith's Viola which was set going for the edification of the guests. The enjoyment of delectable refreshments completed the afternoon.

P. T. ASSOCIATION FORMED

Spurgeon School Now In Line With Other Schools In City; Mrs. Darnell Is President

The following account of the forming of a new parent-teachers' society was reported by Miss Lois Smith of the seventh grade of Spurgeon school:

Proceeding the organization of a Parent-Teachers' Association at Spurgeon School yesterday, Mrs. Lillian Whitney, the principal of the school, gave a few words of greeting to the parents of the pupils.

A short musical program followed and then the business of organizing was taken up. Mrs. G. P. Hill, the organizer of the other Parent-Teachers' Associations, conducted the organizing exercises and Mrs. John N. Anderson, the president of Lincoln school association, gave a short address relating to the organization of that association and the work that had been accomplished. Mrs. Darnell was made secretary of the new organization.

The by-laws in use in the other organizations were modified to suit the needs of this association and were adopted. The organization was named the Parent-Teachers' Association of Spurgeon School. The dues were fixed at twenty-five cents yearly. The first Tuesday of the month of the school year was chosen as the time for meeting.

The following officers were elected: Mrs. G. B. Darnell, President. Mrs. William Crissman, First Vice President.

Mrs. P. G. Norton, Second Vice President. Mrs. Frank Cannon, Recording Secretary.

Miss Naola Hammond, Corresponding Secretary. Mrs. E. B. Covington, Treasurer.

The following program was given: 1. Mixed Chorus—"The Lord Is My Shepherd," Seventh Grade.

2. Piano Solo—Selection from II Trovatore, Clara Duggan.

3. Whistling Solo, Ruth Newman.

4. Sextette—"By Freilicht," Sylvia Shields, Gladys Young, Marjory Goddard, Maymie Armstrong, Thelma Fipps, Isabella Collins.

5. Duet—Violin and Piano, Kenneth and Donna Horton.

6. Quartette—"Lovely Night," Marjory Goddard, Thelma Fipps, Lois Smith, Helen Hargett.

Maccabees Install W. M. Clayton of the High School faculty was installing officer on Tuesday evening for Santa Ana Tent of the Maccabees, when new leaders were inducted into office. Mr. Clayton was assisted by F. O. Calkins as deputy great master-at-arms. The installation was followed by an oyster supper and smoker, during which excellent talks were made by many of the sixty members present.

The new officers are: Past Commander—R. R. Dickinson. Commander—A. E. Hawley. Lieut. Commander—E. J. Foster. Record Keeper—Theo. A. Winbigler.

Finance Keeper—F. B. Taylor. Chaplain—L. R. May. Master-at-Arms—James L. Walker. Sergeant—F. J. Muxworthy. First Master of Guards—E. C. Hubbard. Second Master of Guards—H. A. Ott.

Sentinel—P. B. Lee. Picket—E. C. Frambes.

Entertained Club Mrs. Robert Shaffer was hostess yesterday afternoon to the Bridge Whist Club of which she is a member.

Organized Study Class The young folks of the First Presbyterian Church, termed Philatheas and Baracas, met last night and organized a Bible study class which will meet every Tuesday evening in the ladies parlor of that church. Rev. J. A. Stevenson has kindly offered his assistance as leader, which assures interesting meetings. After the study those present enjoyed a social time which is customary with them. Among the boys boxing proved a favorite test. Snapshots of those present revealed characters as they are seen by others and were probably also personal likenesses.

Those present were Lera State, Rena Stafford, Marguerite Wallace, Mrs. Morrow, Zelma Sturgeon, Nancy Elder, Leta Wells, Virgil Potts, Florence Dole, Irene Peckham, Alice Waser, Francis Potts, Nada Woodhouse, Mrs. Woodside, Mabel Hamilton, Opal Baker, Lella Rittner, Nellie Ninniger, Sadie Ninniger, Myrtle Reeves, Ger-

trude Eastman, Adeline Hill, Ruth Larsen and Nellie Bacon, and Messrs. Art Anderson, Jasper Osborne, Hubert Schenck, Reo Stevensen, J. G. Morrow, Clifford Johnson, Glenn Tidball, Stanley White, Joe Woodside, Ed Abbott, Jack Palmer and Ralph Johnson.

The Woman's Club The meeting of the Woman's Club yesterday announced the holidays were over and that the women were very much interested now in club work. Aside from the large membership that was present when the meeting was called to order by President Mrs. Gale at her home on Spurgeon street, an addition of four members was made to the club.

"What Are We Here For?" was what the club asked every member who answered to roll call. Various were the reasons given. Some answered the question "for the time being," some "during our sojourn on earth," others "for all eternity," but the consensus of opinion was "we are here to help one another."

The first week in February will be as full of good things for the club as an only child's stocking is on Christmas morning. On Feb. 1 all its members are invited to meet with the Eboli at Anaheim, 2:30 p. m., at I. O. O. F. hall. On February 4 the club will hold its regular meeting at the home of Mrs. Anna Gale. On February 6 the members of the executive committee will be the guests of the Eboli of East Newport. Friday, February 7 the club enters its teens and will serve a birthday luncheon to its members and their house guests at 12 o'clock that day at the home of Mrs. Elizabeth Mills, 207 E. Ninth street.

Mrs. Flora M. M. Pyle read an interesting paper on "Atlantis," a mythical island of vast extent placed by Plato and other ancient writers in the far West. Homer, Horace and some others made two Atlantias and believed them to be the abode of the blessed. Ignatius Donnelly, a modern writer, wrote a romance called "Atlantis," which was the basis of Mrs. Pyle's paper.

Mrs. Mills and Mrs. Gale, delegates to the annual district convention of Women's Clubs held at Corona, gave echoes of this convention, that rang with praise of the convention and of the reception given them by the women of Corona.

The Eboli Society The Eboli Society will meet Saturday afternoon, January 25th, in the dining room of the Elks club house. The meeting is to be a social one. The chief object of which is to enable the members to become better acquainted with each other, and as in so large a company formal introductions would be almost an impossibility, each member is asked to wear her visiting card.

The members of the five Domestic Economic sections are to serve the luncheon and as the Eboli membership is so large the members are asked to forego for this time their usual

"Show me one of those WARM CAPS—

DELICIOUS "SYRUP OF FIGS" CLEANS YOUR TORPID LIVER AND CONSTIPATED BOWELS

Fermentation in stomach, sluggish liver and waste-clogged bowels cause the sick headache, sourness, gastritis, biliousness and indigestion

If headachy, bilious, dizzy, tongue coated, stomach sour and full of gas, you belch undigested food and feel sick and miserable, it means that your liver is choked with sour bile and your thirty feet of bowels are clogged with effete waste matter not properly carried off. Constipation is worse than most folks believe. It means that this waste matter in the thirty feet of bowels decays into poisons, gases and acids and that these poisons are then sucked into the blood through the very ducts which should suck only nourishment to sustain the body.

Most people dread physic. They think of castor oil, salts and cathartic pills. They shrink from the after effects—so they postpone the dose until they get sick; then they do this liver and bowel cleansing in a heroic way—they have a bowel wash-day—

privilege of bringing a guest.

It is requested that everybody be present promptly at 2 o'clock instead of at 2:30, the usual hour, as there will be a brief business meeting before the luncheon.

Reports from the convention of Southern California club women held last week at Corona will be read by Mrs. Samuel W. Nau and Mrs. J. J. Pyle, and Miss Winnifred Roberts will give two readings.

Installation of Officers The Fraternal Union of America installed officers for the ensuing year at 9 A. M. last evening, later on enjoying a turkey dinner in the banquet room. Mrs. R. H. English acted as installation officer, being assisted in the ceremony by Mrs. H. C. Walbridge.

The officers installed were H. H. Ellis, president; J. Wiley Harris, past president; Mrs. Dora Spangler, vice president; Mrs. A. C. Williams, chaplain; Mrs. Hattie Bradbury, guide; H. McCord, sentinel; Mrs. Clara McCord, secretary; Theo. Lacy, guard; Col. Heathman, steward.

Journey by Young Married People A very profitable and enjoyable evening was spent by the Young Married People's Class of the First M. E. Church yesterday evening in the class room.

The evening was opened by a short devotional service followed by the business which was quickly disposed of. The class then took the following trip: A stop in Santa Ana long enough to hear a vocal duet by the daughters of Mr. Post; a flying trip to New York with Harold Albright and his Mirrorscope where beautiful scenes along the Niagara and through the state of New York were enjoyed; back to Santa Ana to listen to a reading by Miss Post and musical selections by Mrs. Freeman; to the Philippine Islands with Mr. E. D. Johnson, during the Spanish war, where war scenes, jungle scenes and others were impressed upon the minds of the travelers; back to Santa Ana to hear vocal duets by Mr. and Mrs. Albright and piano solos by Miss Coate; to the Grand Canyon of Arizona with Mr. Blauer, where the grandeur and vivid colorings of nature surpassed all description and made the travelers stop and think; back to Santa Ana again to be served with delicious refreshments by the entertaining committee, Mrs. Theal, Mr. and Mrs. Barrows and Mrs. Schriver.

About thirty-eight members of the class besides several visitors and nine children were present and all declared the evening a success.

Too Late to Classify FOR SALE OR EXCHANGE—No. 12, East California St., Pasadena. 5 room modern bungalow on business lot. Adjoining lot on corner valued at \$12,000. RAYMOND'S MAMMOTH SALE BEGINS TOMORROW

Yesterday's issue of the Register contained a full page announcement of a special sale which is to begin at the Raymond Department Store tomorrow, Thursday, morning at 9 o'clock. By one of those errors that in spite of every precaution will occasionally get into type, choice of ladies' suits, coats and dresses read \$1.00, when it should have been \$4.00, and extremely good values at that. The sale begins promptly at 9 o'clock tomorrow morning and runs until Saturday evening, February 1st.

DOROTHY TEMPLE CONCERT AT THE COLLEGE OF MUSIC

Dorothy Temple, Soprano, Distinguished Active Academician of the Royal Philharmonic Academy of Rome

Press notice: "An artistic performance. Song recital given by Miss Temple was greatly enjoyed."

"The song recital given by Miss Dorothy Temple before the Clio Club last evening in Bradley Hall was one of the most artistic performances ever presented."

Miss Temple possesses a rich and most pleasing voice, sings with a beautiful smoothness and evenness of tone and interprets her songs with much sympathy and skill. One of the most pleasing numbers on her program was "Spring, the Sweet Spring," an old English ballad set to music by Miss Temple's mother. Besides the program printed in the Sun yesterday she sang two encores, "When Love is Kind" and "O My Laddie," both of which were beautifully given and delighted her audience. "The Sun, Williamsport, Pa."

Miss Temple will give one grand song recital at the College of Music on Thursday evening, Jan. 23rd. Prices: Lower floor, reserved, \$1.00 and 75 cents; general admission, balcony, 50 cents. Curtain at 8:15 sharp.

Call at Wright & Robinson's grocery, 418 West Fourth street, on Saturday. Something doing.

Jane Austen Unpopular. It has been pointed out with some surprise that the late W. S. Gilbert had a strong dislike for Jane Austen, but a correspondent of the New York Evening Post reminds us that Mark Twain had a similar antipathy. He said once that "a library that does not contain Jane Austen's works is a good library, even if it hasn't another book in it."

Improvements In Homes Are
Being Carried Out—News
Budget Notes

GARDEN GROVE, Jan. 21.—The new house which O. S. Smith is building will be a five room, hard-finished house with bath and other modern conveniences. It is located on his four acre ranch just north of the Swall ranch. Mr. McKinnon is assisting Mr. Smith with the wiring contract.

Horton-Eaton Company has the contract for deepening the well and other ways improving Willis Newsome's pumping plant.

B. Anson has begun the erection of four 4-room houses in the Cook addition. They will be for rent, two of them are engaged now.

Mrs. Rowley and Mrs. Brierley, the former owners of the home bakery, are now in the nursery business.

S. S. Jackson has been appointed manager of the Home Telephone Co. of this place.

Conrad Oertley is improving his residence with new siding and paint. He is remodeling the inside of the building.

Mr. and Mrs. F. W. Burton of Olive were guests at the home of Mr. and Mrs. S. Penfold on Sunday.

Mrs. Eliza Rogers, who has been quite sick, is improving but slowly on account of her old age.

The following officers were elected at a meeting held by the Branch Garden Grove Socialist party, for the ensuing six months: Secretary and treasurer, Mrs. Helen Anson; member board of control, James Rutledge. The place of meeting will be at the residence of the new secretary in the Cook addition. The meetings are held the first and third Tuesday evenings of each month. The public is invited.

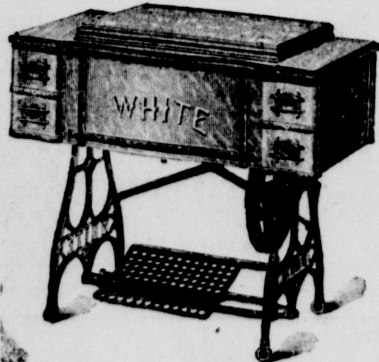

N. Carmichael, who has been on a business trip to San Diego, returned to his home on Thursday evening.

William Henry Reed died at his home in Garden Grove on Wednesday of last week, aged 82 years. He was the father of Mrs. Geo. F. Crane and came to California last spring from Nebraska to spend his remaining days.

Mr. and Mrs. K. G. Stark have come here from Los Angeles where they expect to remain. Mr. Stark intends raising chiles. They will reside on the Swall ranch. Mrs. Stark is a daughter of Mr. and Mrs. Chas. Swall.

GARDEN GROVE

GARDEN GROVE
GROWERS BUSY

Ranchers In That Section Getting In Their Crops—Larger Acreage to Beets

GARDEN GROVE, Jan. 21.—Ranchmen are preparing the soil for the various crops that are raised in this vicinity. The largest single crop will be the sugar beet, this being the largest also when measured in dollars and cents. Thirty-five thousand acres are planted in this crop in the county and the return to the farmers will reach \$3,500,000.

Garden Grove Ranchmen commenced raising sugar beets when the first factory in Southern California was located at Chino, about eighteen years ago, and the experiment proved to be such a decided success that the industry has steadily increased ever since. Now there are five large factories in Orange county and all run at their full capacity during the past season, and there is enough acreage for the coming year to support still the sixth factory.

At first this crop was raised without irrigation, but in the last six or seven years, with the lowering of the water level, and the installation of numerous pumping plants, irrigation has been resorted to with great success, although many ranchers at the present time still raise their own crop depending on the rainfall alone. The beets do not impoverish the soil as do many crops. It is said that the soil in this vicinity has been improved by their culture, and beet growers that have raised sugar beets for years, claim that both the tonnage and the percentage of sugar have increased steadily every year. The Southern California Sugar Company has already installed a beet dump here and for the coming season the Co-Operative Sugar Company will also erect another dump at this point.

PAPE'S DIAPEPSIN
REGULATES STOMACH

Time It! In Five Minutes Gas,
Sourness and Indigestion
Is Gone

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, for this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. Diapepsin is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as Diapepsin comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eruptions of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.—Advertisement.

Conversation During Meals
The world long ago was forced to admit the important relationship between mind and matter, and when one is occupied by matter—eating food—the mind should also be brought into play. Say something bright. Pay a few compliments, tell a bright anecdote, chat of the pleasant and lighter things in life during all your meals.

ANAHEIM

ANAHEIM
ARE PLANNING
NEW BUILDING

Y. M. C. A. People at Anaheim Are Proving Themselves to Be Active

ANAHEIM, Jan. 21.—The board of directors and the building committee of the Anaheim Young Men's Christian Association held a joint meeting and banquet Saturday evening.

After the banquet, a business meeting was held and election of officers for the directors was a feature of the evening and resulted as follows: Charles E. Egabroad, president; J. D. Waidel, vice-president; Chris Worsley, secretary; and A. A. Mills, treasurer. Other members of the board include L. A. Evans, L. O. Culp, L. C. Voeman, William McLaughlin and Dr. H. A. Johnston.

A new branch of the association was organized, and is to be the Young Men's Cabinet, with Elton Goble, chairman; Raymond Elliot, vice-chairman; Howard Krause, clerk; L. O. Culp, membership secretary; Lawrence Sutherland, corresponding secretary. Sunday was Y.M.C.A. Sunday in Anaheim when speakers of the Y.M.C.A. occupied every pulpit in this city in the forenoon service. In the afternoon a joint meeting of all the people interested in the good work was held at 3 o'clock in the Christian church. Special music was enjoyed and plans for the new building to be erected here were shown and explained.

Plans have been completed for the annual banquet of the local Board of Trade, which is to be held this evening at a local cafe. This meeting promises to be one of the most successful meetings that the organization has experienced. Charles E. Egabroad, president of the board will act as toastmaster.

The following persons will respond to toasts: W. L. Quanton, "The Year 1912"; J. W. Duckworth, "On the Trolley Line"; Mrs. Ida Tipton, "The New Citizen"; Prof. J. L. Van Deever, "Just Humans"; Rev. David Todd Gilmore, "The Man of the Cloth"; A. A. Mills, "Wanted—A Tea Party"; H. S. Hadsell, "As Seen By an Outsider."

ROAD OVERSEERS FOR
THE THIRD DISTRICT

Anaheim Plain Dealer: Appointments of road overseers by Supervisor Schumacher to the present time for this supervisory district are as follows: Anaheim, A. W. Wood; Buena Park, Fred Simpson; La Habra, Ernest Proud; Placentia, J. Conley. All of these appointments are well known and important property owners in the districts they will have charge of. Each selection has met with expression of general satisfaction.

Mr. Wood, who will oversee the Anaheim road district work, is proprietor of the Palace Livery and directly interested in having the best possible roads. Besides which he has had considerable experience in road building work. In addition to his livery business, Mr. Wood pays taxes on residence property and other realty in the city. Since engaged in business here he has won high standing. The principal roads under his supervision are those of East and West Anaheim precincts.

Fred Simpson is one of the Buena Park country pioneers and is widely known in this part of the county as a successful rancher and land owner.

Mr. Conley has been identified with much of the improvement work in the Placentia country and is well qualified to give an excellent administration of his office.

Ernest Proud enjoys prominence in La Habra valley as one of its best known and most successful ranchers and business men.

In selecting his aides, Supervisor Schumacher has surrounded himself with competence and standing for reliability, which is in pursuance with his policy of a strictly business administration of the office that he fills. During the year he has been giving time to each of the road districts in starting overseers on their work, and taxpayers have witnessed the novel sight of a supervisor in this district with his coat off overhauling road working equipment and giving practical illustration of how things should be done. Besides which he has already much improved the road working equipment through practical alterations increasing efficiency and decreasing time outlay.

GOV. JOHNSON AS SPEAKER

Will Address Oakland Social Workers Feb. 15 and Legislators at Sacramento Banquet

SACRAMENTO, Jan. 22.—Gov. Hiram W. Johnson has tentatively agreed to make two speeches during the next thirty days. One of them will be in Oakland Feb. 15, to the members of the Social Workers' League. Miss Bessie Wood, secretary, has asked the governor to discuss the purpose for which the league was formed.

The governor's other speech will be to legislators and Sacramento citizens at a banquet to the legislators here Monday night.

SHORT END OF THE CONTRACT

Woman Sues to Break Agreement for Planting Her Land to Orange Trees

Alleging that she was misled into signing a contract that was not advantageous to her, Maud Alice Clay today brought suit against Bennett Baxter to rescind the contract. The woman owned 19.91 acres in the Golden State tract, east of Anaheim. She alleges that she was persuaded by Baxter to sign a contract whereby Baxter should plant the land to oranges and care for the trees for five years, at the end of which time Baxter should get a deed to 9.91 acres. The contract was signed on Dec. 20, 1912. Nine days later the woman discovered a clause in the contract that she thinks puts all the risk on her. That clause is to the effect that should she be unable to furnish water stock for the land, Baxter should get his deed anyhow. She also alleges that instead of one-half of the land, one-quarter would be proper compensation for Baxter. F. C. Spencer is attorney for the plaintiff.

Public Administrator Winbigler has applied for letters on the estate of James A. Irvin, a West Orange rancher who died on Jan. 19, 1913, leaving

an estate valued at \$3700, of which \$2000 is stock in the California National Bank of Santa Ana. The only heir is J. L. Irvin of Orange.

Today there was filed a petition by Mrs. Carrie N. Hargrave for letters on the estate of her mother, Georgina C. Irvin, who was the wife of James C. Mrs. Irvin died on Sept. 10, 1912, leaving an estate worth \$10,000. The heirs are the estate of James C. Irvin, Mrs. Hargrave, Frances S. Saul and J. J. Irvin.

Scarborough & Forgy represent the petitioners in both cases.

To Receive Residue
Attorney C. R. Allen of Fullerton has applied for letters of administration on the estate of Christian Foell, who died in Germany on March 15, 1911. The estate consists of a distributive interest in the estate of John Foell, worth \$337.81.

Quiet Title Suit
A suit to quiet title to a tract to purchase has been brought by H. P. Stark against C. T. Hewitt as administrator of the estate of James B. F. Hewitt. H. C. Head is attorney for the plaintiff. The property is lot 7, block 19, First Addition to Newport Beach.

Sent to Asylum
Arthur Alumbaugh of Anaheim was before Judge West today on a charge of being habitually intoxicated. The man was ordered sent to the asylum at Patton.

Marriage License
On Jan. 21, Harold E. Corkhill, 21, and Mildred Dolly Shafer, 19, both of Newport Beach.

MILLS SAYS ONE MORE PRECINCT MUST GO INTO THE FIFTH

A. A. Mills of Anaheim, the leading resolutions man of the Associated Chambers of Commerce, was in Santa Ana for a short time yesterday as a trial juror in the superior court. Mills has been engaging a part of his time lately to a consideration of re-districting the supervisory districts of Orange county, and he says there is a considerable sentiment in favor of that project.

"The way it stands now," said he, "Santa Ana will have to put another precinct into the fifth supervisory district." At present there are two precincts, the seventh and eighth, in the fifth district.

He said that he thought the principal opposition to the proposed re-districting would come from the coast sections.

Some months ago Mills opened up the subject of re-districting the county. He was made chairman of a committee to investigate the matter for the Associated Chambers of Commerce. At the next meeting of that body, however, Mills withdrew his re-districting project and launched one for getting a charter for the county. After a meeting or two that project was killed by the Associated Chambers. The re-districting proposal has been on the boards again for two or three months.

IN THE JUSTICE COURT

HOLT MUST ANSWER ON FELONY CHARGE

Yesterday Justice Howard of Anaheim held Edward Holt to answer for trial in the superior court on a felony charge, the destruction of property in a jail. After his arrest on a minor charge, Holt broke off a water pipe and set his bedding afire.

Were Found Guilty
This morning Justice Cox found Jose Flores and Aniseto Arroyo guilty of disturbing the peace at Delhi. The two men joined in a row in which shots were fired.
